TABLE OF CONTENTS

1	CREATE INVESTIGATION FROM A PARTNER REFERRAL	1
---	--	---

1 CREATE INVESTIGATION FROM A PARTNER REFERRAL

1. If you select 'View Investigation' next to a partner or cluster listed, then the system will display the investigation that was automatically created when the partner or cluster was added to the current patient's investigation.

This will be a new investigation for the same disease as the original patient (in this case, William Pender) with a referral basis of P1 – Partner. Select View Investigation to continue.

The screenshot shows the NEDSS View Patient interface in Microsoft Internet Explorer. The browser address bar shows the URL: C:\Documents and Settings\jevo0\Desktop\09012006 Prototype\PartnersClusters\Marginals\PartnerAdded.htm. The page title is "NEDSS: View Patient - Microsoft Internet Explorer". The interface includes a navigation bar with links: Home, Create, Reports, System Admin, Search. Below this is a breadcrumb trail: Home > Search Patients > Patient Search Results > View Patient > Investigations. The main content area has tabs for: Lab Reports, Case Reports, Investigations, Notes, Print, Audit. The "Investigations" tab is selected. Below the tabs, patient information is displayed: Name: William Pender, DOB: 5/26/1973, Sex: M, Age: 33, Patient ID: 23, Investigation ID: 34, Referral Basis: Lab Report, Disease Condition: 700 - Syphilis. The "Partners/Clusters" section is active, showing a table with columns: Type, First, Middle, Last, Sex, Pregnant, Named On, Date of Interview, Dispo Date, Dispo, SO/SP. The table contains one row for a partner named Jessica S. Smith, Type P1 - Partner, Date of Interview 4/26/2006. Below the table is a section for "Add New Partner/Cluster" with a "Search Patients" button. The "Marginals" section is also visible, showing a table with columns: Type, Date of Interview, Interviewed?, First, Middle, Last. It contains two rows for marginals: P1 - Partner and S1 - Suspect, both dated 05/12/2006. At the bottom, there is a footer with the text: National Electronic Disease Surveillance System, NEDSS PAM Platform Version 6.4.25, and a "Help" link.

Type	First	Middle	Last	Sex	Pregnant	Named On	Date of Interview	Dispo Date	Dispo	SO/SP
P1 - Partner	Jessica	S.	Smith	F			4/26/2006			

Type	Date of Interview	Interviewed?	First	Middle	Last
P1 - Partner	05/12/2006	Yes	Some	S	Partner
S1 - Suspect	05/12/2006	No	Some	S	Cluster

- This brings up the investigation for Jessica Smith. This investigation is for the same disease condition as the original patient (in this case, William Pender) but with a referral basis of P1 – Partner.

The referral basis for investigations automatically created for partners and clusters will default to the partner/cluster association between the two patients.

Click on Interview Record to add the interview of Jessica Smith to her investigation.

3. This will bring up the Interview Record interface for Jessica Smith.

(Please refer to the previous scenario for a more detailed description of this process.)

The screenshot displays the NEDSS STD Interviews web application in Microsoft Internet Explorer. The browser's address bar shows the URL: C:\Documents and Settings\jevo0\Desktop\09012006 Prototype\Interview RecordP1.htm. The application's navigation bar includes links for Home, Create, Reports, System Admin, and Search. The main content area shows the patient information for Jessica Smith (DOB: 07/06/1976, Sex: F, Age: 30, Patient ID: 24) and the investigation details (Investigation ID: 35, Referral Basis: P1 - Partner, Disease Condition: 700 - Syphilis). The 'Interview Record' tab is selected, showing the 'Interview Results' section. This section includes a 'Control Number' field, an 'Interviewer History' table with one entry for Fred Smith on 08/29/2006, and an 'Assign Interviewer' button. Below this, there are several form fields for interview details: 'Interviewed?' (Yes), 'Reason for no interview?' (Other), 'Other Reason for No Interview:', 'Interview Period:' (Months), 'Pregnant at Interview?' (Yes/No), 'Number of Weeks:', 'Currently in prenatal care?' (Yes/No), 'Pregnant in Last 12 Months?' (Yes/No), and 'Pregnancy Outcome:'. The 'Tested for URI at time of this event?' field is set to 'Yes'.

7. Jessica Smith named a suspect during her interview. This suspect needs to be associated back to the original patient. Select Partners/Clusters/Marginals to add the suspect.

The screenshot shows the NEDSS: STD Interviews web application in Microsoft Internet Explorer. The browser address bar shows the file path: C:\Documents and Settings\jevo\Desktop\09012006 Prototype\Interview Record\InterviewAdded.htm. The application has a navigation bar with links: Home | Create | Reports | System Admin | Search. Below this is a sub-navigation bar: Home > Search > Patient Search Results > View Patient. On the right, there are buttons for Lab Reports, Case Reports, and Investigations. The main content area displays patient information: Name: Jessica Smith, DOB: 07/06/1976, Sex: F, Age: 30, Patient ID: 24, Investigation ID: 35, Referral Basis: P1 - Partner, Disease Condition: 700 - Syphilis. A tabbed interface shows several tabs: Investigation Summary, Provider Follow Up, Field Investigation, Interview Record, Signs/Symptoms/Hx, Treatment, and Partners/Clusters/Marginals. The 'Partners/Clusters/Marginals' tab is selected. Below the tabs, there is a section for 'Interview Results' with a 'Control Number' field. Below that is an 'Interviewer History' table with columns 'Name' and 'Date Assigned'. The table contains one entry: Fred Smith, 08/29/2006. Below the table is an 'Assign Interviewer' button. Further down are fields for 'Interviewed?' (Yes), 'Reason for no interview?' (Other), 'Other Reason for No Interview:', 'Interview Period:' (Months), 'Pregnant at Interview?' (Yes/No), and 'Number of Weeks:'.

Name	Date Assigned
Fred Smith	08/29/2006

8. Note that William Pender is already displayed and associated to Jessica Smith's investigation. Select 'Search Patients' to add Sheila Jones as a suspect to her investigation.

If a partner/cluster's investigation is closed out as 'Marginal' then the partner/cluster is moved to the Marginals section.
If the case for that partner is re-opened after being closed as 'Marginal', then the partner/cluster is moved back up to Partners/Clusters section.

Adding a Partner / Cluster

My Computer

9. The search patients interface will be displayed.
Click Search Patients to continue.

The screenshot shows a web browser window titled "NEDSS: Search for Patients - Microsoft Internet Explorer". The address bar shows the path "C:\Documents and Settings\jevo\Desktop\09012006 Prototype\PatientSearch.htm". The page is logged in as "User, Root" and the program area is "STD". The main navigation bar includes links for Home, Create, Reports, System Admin, and Search. The "Search Patients" section is active, displaying a "Basic Search" form. The form includes fields for SSN, Patient ID, Name (with a dropdown for Name Type and input fields for Last, First, and Middle names), Sex and Birth (with a dropdown for Date of Birth and input for Age in Years), and Sex. There are "Search Patients" and "Cancel" buttons at the bottom of the form. The footer of the page reads "National Electronic Disease Surveillance System" and "NEDSS PAM Platform Version 0.4.27".

10. Click 'select' next to Sheila Jones.

The screenshot shows the NEDSS Patient Search Results page. The browser window title is "NEDSS: Patient Search Results - Microsoft Internet Explorer". The address bar shows the file path: "C:\Documents and Settings\jevo\Desktop\09012006 Prototype\PatientSearchResults.htm". The page is logged in as "User, Root" with a "Program Area: STD" and links for "Log Off" and "Help".

The main content area has a navigation bar with "Home | Create | Reports | System Admin | Search". Below this is a sub-header "Home > Search Patients > Patient Search Results" and a "Create Patient" button. A table lists search results with columns: Name/Address, County, Sex, DOB, Age, and Multiple Birth Status.

	Name/Address	County	Sex	DOB	Age	Multiple Birth Status
view select	Pender, William 32 West Winnowing Widows Way Paris, Texas 15202	Manatee	Male	05/26/1973	33	
view select	Pointer, Baby Girl 100 Angel Wings Drive Los Angeles, California 99999	Orange	Female	08/26/06	1
